CME/CE Activities

The Advanced Certificate Program:

Multiple Sclerosis Management II

Living Medical Textbook
Neurology

Multiple Sclerosis Edition

This free professional social network and resource is designed for physicians, nurse practitioners, physician assistants, and other clinicians who diagnose and treat patients with multiple sclerosis (MS). Access numerous helpful resources, CME/CE-accredited educational activities, and up-to-date information about MS that you can incorporate into daily practice.

Resource Network features:

- Professional forum to discuss patient management challenges and MS related topics
- Free CME/CE audio podcast and slide sets from a recent live regional MS lecture and workshop
- Patient education handouts on MS diagnosis, disease management, patient communication, and symptom management
- Clinician tools and materials
- CME/CE case study
- Links to additional free online CME/CE activities on MS management
